Harry (Babe) Gibson, the well known professional blevele race rider, was a visitor in the city for a few hours yesterday. Gibson was on his way from California, where he has been wintering, to France, where he will race during the coming season, and stopped over a few hours between trains. Gibson thinks that Europe is the best place for bicycle racers at present, as better purses are offered over there and the interest in the sport is much greater than in America.

Loftus refused to take any statement regarding the foul strike rules. It now seems probable that each league will support the rule under which it played last season. The American league is understood to be unanimously in favor of the old rule. While some of the National league magnates do not favor the making of a foul a strike, the chances seem to favor the retention of the law under which the American league clubs have been playing. Mt. Pleasant, Feb. 22.—The proposition to bond this city and install a system of waterworks with the proceeds is being pushed with all possible effort at the present time, and the outlook is considered very lavorable by those who are behind the move. A mass meeting which die wou ta large crowd of interested residents was held this week and discussed the situation and took an informal vote on bonding for the purpose. The discussion was participated in by several, but none was present, who would come flatly out and oppose the scheme, Those who were opposed to it claimed to favor the idea of waterworks all right, but found fault with some particular portion which did not conform with their ideas. A motion was finally made that it be the sense of the meeting that the city council proceed to immediately call an election to vote the bonds for the purpose of securing funds with which to construct a system of waterworks. It carried with a whoop, there being but two or three negative votes. The council will meet next Thursday afternoon to issue the order for an election, which will be held about April 1.

The Directors of the Mammoth Res ervoir at a Standtill.

The first big tournament of the Salt Lake Rifle club, which, it is intended, shall be an annual affair, was held at the local range yesterday. The weather was rather poor for good shooting, owing to the continual for that hung around the targets, yet several good scores were made during the progress of the tournament. A number of visitors in addition to a full attendance of members were present, and all seemed to enjoy the sport. The shooters were divided into two classes, on their previous records at the traps, and six events were shot off in each class.

Prizes for the high gun and second high gun were offered in class A. and a single prize for the high gun in class B. In addition to these, prizes were offered for the high gun and high average of the day in each class, and a prize for the high gun and high average of the day in each class, and a prize for the lowest score during the shoot. The latter was an order for \$2 worth of vaccination on Dr. Scott and was captured by Roy Breckon. The other prizes consisted of merchandise of fered by different merchants in the city. Mt. Pleasant. Feb. 22.—A number of devotees of the shotgun of this city have organized a gun club. The purposes of the club, as set forth in the constitution, are to promote good fellowship among sportsmen, to encuorage the skilful use of the shotgun to enforce or assist in enforcing the game laws of the state, etc.

The club has fourteen members to start with. The officers for the first year are as follows: John Knudsen, president; John Averett, vice president; E. W. Brown, captain; Victor N. Peterson, secretary; J. E. Gunderson, treasurer. The above, with Charles and Will Averett, form the directorate. The other members are Boone Brotherson. Axel Bjelkle, Jens Christensen, A. E. Peterson, Andrew Rosenlof, L. F. Waldemar, James Waldemar. Variety show one night; church the next.

The twelve men who are confined within the limits placed about them by the regulations of the district court and the statutes providing for the isolation of juries in the murder cases, are managing to while away the time in a manuer both amusing and profitable. Saturday evening they went to the Grand opera house, where a rear row of seats was provided for them, and saw the "Devil's Auction."

Last night they attended the First Congregational church and heard the address of Rev. E. I. Goshen on "Washing ton—His Life and Times."

The completion of the selection of the jury will not be resumed till tomorrow morning, but in the meantime the twelve men, whether accepted or not, must remain together.

ance For Years.

Leamington McCarty, familiarly known in Ogden for the past twenty-five years as "Dick" McCarty, died early yesterday morning at his apartments in the Woodmansee block of dropsical trouble, super-induced by heart trouble, from which he had for some time been a sufferer. Mr. McCarty was a very well known character in Ogden for a quarter of a century. He came west soon after the close of the civil war, through which he served on the Union side. For many years he was proprietor of the Bank Exchange saloon in Ogden, which stood on the east side of Washington avenue on ground now occupied by the Boyle Furniture company building. Of a jovial and generous disposition, Mr. McCarty won friends by the score, and managed to keep a good share of them until the day of his death. His place and its proprietor became known as "on the dead square," and was much patronized by country people.

Mr. McCarty had a daughter residing in Sale Lake—Mrs. Margaret Reedail—and Mr. Reedail came to Ogden yesterday to arrange for the funeral. The services will be in charge of Dix Logan post, G. A. R. Their Initial Meeting.

Their Initial Meeting.

Logan, Feb. 21.—The Cache Valley Farmers' association held a meeting here yesterday aftermoon, at which the revised constitution of the association was adopted. It provides for a membership fee of 50 cents annually, changes the term of service of officers from one to two years, and specifies more plainly the duties of the officers.

The matter of securing state aid for the improvement of county highways was discussed, and the secretary was instructed to correspond with the members of the legislature from this district, with a view to having them fulfill their party pledges in regard to this matter.

It was decided to recommend to the farmers the acceptance of this year's beet contracts, but to demand of Mr. Eccles that after Oct. 15 he furnish not less than three cars daily for each 200 acres of beets.

The following persons were selected as the additional members of the executive committee: James Meikle of Smithfield, W. K. Burnham of Richmond, I. C. Thoresen of Hyrum and Christian Sorenson of Mendon.

A change in the management of the Deseret-Central Milling company of this city is announced. N. M. Hansen, who has managed and operated the mill for the past thirty-five years, will retire in favor of R. M. Hutchinson, miller at the Thatcher mill. Mr. Hansen is one of the oldest and most popular mill men in the state, and many of his friends will be surprised to hear of his retirement.

Death of William Partington, an Early Settler of Cache.

Logan, Feb. 21.—William Partington, an old and well known resident of this city, died today at his home in the Third ward of troubles incident to old age. The deceased was in the 67th year of his age. He took a pfominent part in the early development of this county, and bore a splendid reputation.

A meeting of the Logan river water users was held here today for the purpose of discussing the report on Logan river water rights, submitted by Messrs. Swendsen and Barber. An effort was made to effect an adjustment of the water problem by agreeing upon a duty for a second foot of water, and then apportioning the water according to the acreage irrigated by each company. A motion was put fixing the duty at sixty acres per second foot, but it failed, and finally a motion, by which all the canal companies axree to operate under the rerest submitted, for one year, was carried.

Ide days, and additional machinery will be installed. The factory was originally built to have a capacity for an output of 1.600 caps per day, but was improved so as to turn out about 1,200. The cillarge factory will have a capacity of fully 2,500 per day. A mutch larger acreage of to-macoes has been contracted for this sea-son, and even with its enlarged factlifies. The construction of the Riverdale factory will have a capacity of fully 2,500 per day. A mutch larger acreage of to-macoes has been contracted for this sea-son, and even with its enlarged factlifies. The construction of the Riverdale factory will have all it can handle.

The construction of the Riverdale factory and the enlargements made and to be made to other canneries, together with the added output resulting upon for vegetables and fruits, will, it is expected, double the supply of canned goods in Weber.
